*Pantai Heart Centre
Symposium*

December 3rd, 2011 (Saturday)

**Dillenia & Eugenia, Ground Floor,
Sime Darby Convention Centre**

Incorporating the most advanced technology and innovations in Cardiology, the Pantai Heart Centre aims to be the region's premier "One-Stop Centre" for the diagnosis and treatment of heart disease. Home to the latest Cardiac Imaging tools (Cardiac MSCT and MRI Imaging), the centre offers a complete range of diagnostic tests for the preventions and early detection of coronary artery disease.

Our cardiologist and surgeons are here to provide a comprehensive range of medical, interventional and surgical treatment options utilising state-of-the-art equipment and the most modern cardiac facilities available in the region.
