COLUMBIA ASIA HOSPITAL - CHERAS - GP SYMPOSIUM AGE-RELATED DISEASES

There are signs that population of Malaysia is starting to age. The population aged 65 and over is projected to increase more than three-fold of the 2010 population. This will lead Malaysia to become an aging population in 2021. As the percentage of older population continues to increase, the need for extensive health support for this older population increases.

Columbia Asia Hospital in collaboration with PMCare Sdn Bhd are organizing a symposium for physicians to discuss Age-Related Diseases in various areas.

You are cordially invited to attend this symposium
